DUOS BOWLER COMPETES in 51st

This year Muriel Gyde competed in her 51st consecutive Michigan State Women's Tournament held in Westland and Canton. Muriel and her husband George are snowbirds who bowl in the Summer Duos League every year. They bowl for fun and to ensure Muriel has a book average in a certified league. Muriel needs her certification and book average to compete in the state tournament. At the tournament this year the officials announced her name and accomplishment and then as she rolled her first ball, "everyone stopped bowling and watched me," Muriel said.

Muriel started bowled in high school and began bowling adult leagues in her early 20s. She bowled her first Michigan WBA tournament in 1960 and has not missed one since. Through all of life's ups and downs Muriel claimed one weekend every year for herself and her team to bowl in this tournament. Muriel says her scores aren't as high as they once were but it is still fun and worth the trip to get together with family and friends.

GBC SHARES IN WORLD BOWLING RECORD

Gaylord Bowling Center, along with 1250 other bowling centers, set a world record August 7, 2010. Collectively, the people at these centers bowled 923,948 games in a single day, shattering the 2009 record of 741,821. The bowlers at GBC contributed 500 games to this record. Each year on the first Saturday in August, Gaylord Bowling Center participates in an attempt to set a world record for the greatest number of ten pin games bowled at US bowling centers collectively in a single day. The ultimate goal is 1 million games. Set aside some time on August 6 to join us in our next world record attempt. This event coincides with our annual GBC/Gaylord USBC Association open house which includes free bowling, hot dogs, and pop.
